**MERRITT**

Legendary Toughness  
for Your Light Truck

# ABOUT US

## WELCOME TO MERRITT

Merritt Aluminum Products Company is North America's leading manufacturer of aluminum accessories serving the heavy duty and light truck transportation industry. As a family-owned company with over 70 years of manufacturing experience, Merritt takes pride in producing and distributing highly desired and premium products that keep our drivers moving. We develop strong partnerships with our North American distribution partners through our excellent services, best-in-class lead times, in-house sales and customer service team, on-site engineering, and our own warehouse distribution channel.

Built into each Merritt product is legendary toughness - Merritt products are designed with durability for your working truck, yet premium enough for your show truck! Merritt Aluminum Products Company strives to be the easiest manufacturing company in the industry for you to work with. We are highly focused on continuous improvement and customer service.

Our core purpose is to build a great company, with great people, and great results while helping those we serve succeed through high quality, high performance products and services. Our people and values make the difference through INTEGRITY, TRUST, EXCELLENCE, RESPECT and TEAMWORK.

We are excited to build a partnership with you and help you grow your operation. Please contact us with any questions or comments, and THANK YOU for being interested in Merritt Aluminum Products.

## Easy to Use – Long Lasting Durability

Designed and built in Colorado, USA, these high-performance storage boxes are available in both single and double lids, with the option of a smooth or diamond plate aluminum finish. Easy to open and close from the ground, these boxes have a 90° lid configuration which allows full access to storage. Gas shocks for lid lift up, and Internal Track System (ITS) for accessories and tie down points. The features and benefits of these high quality boxes are endless.

- Distinctive features and style
- Never before seen in the industry
- Commercial grade aluminum
- 45° faceted corners for sleek appearance and strength
- Extruded aluminum door frame for unmatched security
- Powder-coated finish for long life and durability
- Mounting hardware included

# Easy to Mount – Fits All Full-Size Trucks

Merritt's Headache Racks are designed for function and durability while providing a distinctive look. Each headache rack has a channel designed into the frame to support multiple lighting and load securing accessories. The channel also serves to hide and protect a wiring harness.

- Built from commercial grade aluminum for strength and durability
- Features a lightweight extruded frame for maximum visibility
- Easy mounting and flexibility for multiple accessories
- Rear channeling hides & protects wiring harness for light options
- Mounting kits included
- Offered in 5 standard colors

Optional Accessories added with Merritt's Track System. See page 19.

**WARNING: Headache Racks & Utility Racks are not safety devices.** If you do not have the proper equipment or skill to install the Headache Rack or Utility Rack, take your vehicle to an authorized dealer. Weight carried on a Headache Rack or Utility Rack will reduce the stability of your vehicle and increase the vehicle's probability to overturn. To determine the weight that can be carried on your Headache Rack safely, or without damaging the bed walls, consult your vehicle manufacturer.

\*If your truck is older than 2017, refer to the actual cab measurements when ordering.

## For Work And Play

Whether you have a commercial application or a sport enthusiast application, this product will meet your needs. Designed for strength and durability, the Merritt Utility Racks give you the flexibility you're looking for. The D-tube shape provides a unique and great looking smooth appearance. A double channel track is designed in the tube for exceptional flexibility to meet your specific needs. The rear rack works best in conjunction with the Merritt Headache Rack.

- Available in multiple heights and adjustable widths
- Easy to assemble and install
- Upright legs bolt or clamp to bed rail for adjustment or removal
- Fits all full-size pickup trucks
- Upright legs bolt or clamp to bed rail
- Mounting hardware included
- Accessories available for lighting & load securement

Rear Utility Rack

Long Horn Extension Bar

Optional Accessories added with Merritt's Track System. See page 19.

**WARNING: Headache Racks & Utility Racks are not safety devices.** If you do not have the proper equipment or skill to install the Headache Rack or Utility Rack, take your vehicle to an authorized dealer. Weight carried on a Headache Rack or Utility Rack will reduce the stability of your vehicle and increase the vehicle's probability to overturn. To determine the weight that can be carried on your Headache Rack safely, or without damaging the bed walls, consult your vehicle manufacturer.

# ROCKY MOUNTAIN SERIES

## UNIVERSAL RACKS

Universal Utility Racks are universal fit for full size trucks and do not correspond to a matching Headache Rack application.

## Modern Design – Sleek Appearance

The double channel track designed into the D-tube allows the user to easily install lighting options and mounting brackets in the desired location and orientation. We proudly offer EECO®, Innotec® and Optronics® lighting with color matched mounting brackets to fit most lighting requirements.

- The Headache Rack track system conceals and protects wiring harness
- Harnesses for stop, turn, and tail light applications
- Easy to install® LED work lights and warning mini light bars
- Optronics® Slim-line red LED for stop, turn, and tail lights
- Small Innotec® Micro Bright™ beacon light with low profile installation
- Meets IP67 rating
- Super bright – extremely durable
